The Sweetwater County Leadership classes will begin in January. This unique opportunity gives the participants an inside view of the County. Six different aspects of the community are covered in this hands on program. Beginning with Business and Human Services, we take the class to places most citizens are not able to see. The goal of Sweetwater County Leadership is to give a broad overview of the County and encourage participants to step up and take a Leadership role in the community. That may be a volunteer on a Board or seeking a seat as an elected official.

Each month, for six months, the class spends a day exploring a topic. The topics are; Business and Human Services, Health, Industry, Recreation, Government and Education. The classes have evolved over the years and last year's participants work on what this year's class will do. The participants also are asked to identify a need in the community and have a project that addresses the need.

Cost of the class is \$250.00 and will also carry Continuing Education college credits. The class may also be necessary to take if you have a desire to take the Leadership Wyoming Class. Class size is limited to 15 participants so please call and put your name on the list if you would like to be a part of this year's class. Sweetwater County Leadership is a joint effort between the Green River Chamber of Commerce, Rock Springs Chamber of Commerce, and Western Wyoming Community College. Please call for details or more information at 307-362-3771 or 307-875-5711.

Bringing Businesses and Communities Together
